INTRODUCTION

The Board of Regents presents a report on the fall 1975 credit enrollment in West Virginia institutions of higher education. The cooperation of the private institutions in submission of head-count enrollment data for their colleges is greatly appreciated by the Board.

The Board's student enrollment reports are based on standardized data submitted by the institutions on forms developed by the Board's staff. The analysis of head-count enrollment was based on data reported on the Board's E forms. The analysis of full-time-equivalent enrollment was calculated from data reported on BOR Form CCT-1 (Credit Classes Taught). Full-time-equivalent enrollment is reported only for the public colleges and universities.

Head-count enrollment is a count of the number of individual students attending an institution of higher education. The tables in Section I of this report summarize credit head-count enrollment in all institutions of higher education in West Virginia. In addition, each institution's enrollment is reported by: sex of student, attendance status of student, level of student, and residence of student. The credit enrollment classifications of resident credit and extension credit used in previous reports have been combined into one classification, credit enrollment, for this report.

The full-time-equivalent enrollment reported for each public institution of higher education is the nationally accepted statistic used to equate to the norm, student work-loads that are greater or less than the average full-time student work-load. In Section II, the full-time-equivalent enrollment is reported by course level and by Regents budget format. Full-time-equivalent enrollment in the health science programs of West Virginia University, except for pharmacy, is excluded from this report.

Definitions of the various enrollment categories used by the Board are presented on Pages 50 and 51.

Due to the lateness of reported data for the Greenbrier Community College Center, the head-count enrollment of 311 students was not included in the statistics for this publication. Nevertheless, in Table 13 on page 48, the Greenbrier Community College Center's F.T.E. is included with Bluefield State College.
